<sup>1</sup> Technical support for all third-party products listed assumes that the product has been updated with the manufacturer's most recent service pack.

<sup>2</sup> When a third-party software company drops support for a products or versions, Litéra will also drop support for that product and version.

<sup>3</sup> Innova 5.7 includes limited support for Word 2007. Full certification for Word 2007 was included as of the Innova 5.8 release.

<sup>4</sup> DM 5.1.5 SR6 MR2 COM integration is limited (Initial Save and Save As do not work). Innova fully integrates with DM 5.2 COM.

<sup>5</sup> SQL2000 is compatible for new installs only. Clients upgrading Innova on a SQL2000 server should contact Innova support for more information.
