

# Change-Pro® Suite

What's in your document?

Take the plunge! Freshfields did.

“Since signing with them and rolling out Change-Pro, Litéra now feels much more like a partner than a vendor. Their responsiveness and consistent attention to their clients' needs parallels closely with our own firm culture. I highly recommend this product and this company to any firm looking to change the way they relate to their software providers.”

*Simon Dandy*
