

LITÉRA LEXPRO®

*Fast, Flawless Definition Validation
& Cross-reference Checking*

Litéra LexPro® is productivity enhancing software that simplifies the use of Defined Terms and Cross Referencing in legal documents. It operates as a simple, efficient Word add-in, eliminates hours of manually reviewing and editing definitions and cross references while reducing inaccuracies.

- **64-bit Office Support**
- The **Review Definitions** feature scans your document to identify all the; Defined Terms, Unused Terms, Uncapitalized Terms and Undefined Terms.
- You have the ability to **Add, Change, Delete or Sort**, right from within the review dialog box.
- Creates and facilitates efficiency, consistency and accuracy – critical qualities of a successful lawyer in today's competitive legal arena.
- Uses native Microsoft® Word **Cross-referencing** so nothing proprietary is added to the document
- Produce printable, editable **Reports** of results from Defined Terms processing and Cross-reference scanning

EFFICIENTLY NAVIGATE DEFINITIONS

Locating the definitions and continuously scrolling between the Defined Terms section and the body of the document can be a source of frustration. Litéra LexPro® creates and facilitates efficiency, consistency and accuracy critical qualities of a successful lawyer in today's competitive legal arena.

CONVENIENT POP-UP TOOL

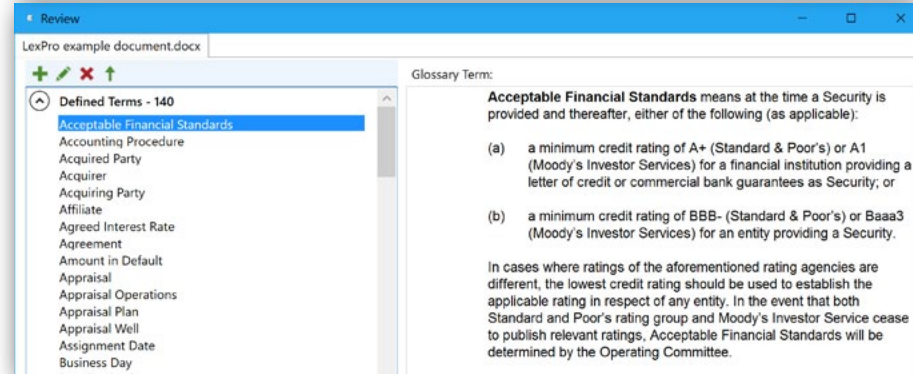

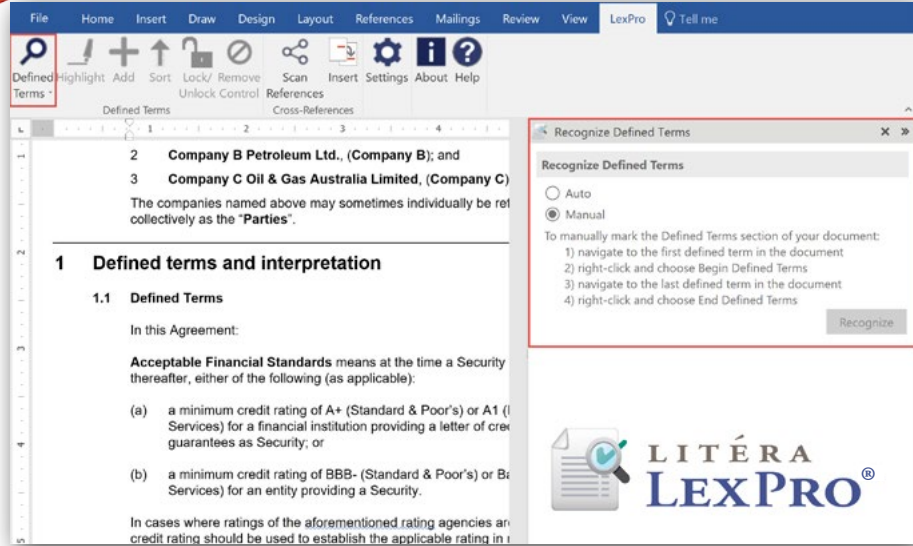

Never scroll for a Defined Term again. Double-click on any Defined Term in a legal document and its bespoke definition will appear instantly.

DETECT DEFINED TERMS WITH THE REVIEW TOOL

The incorrect use of defined term conventions can cause serious problems of interpretation and construction. Litéra LexPro® immediately detects: Defined Terms, Unused Terms, Uncapitalized Terms and Undefined Terms.

INSTANTLY EDIT OR ADD DEFINITIONS

Defined Terms can be accessed and edited instantly without users getting lost in the document. Corresponding text in the Defined Terms section will be updated automatically and new terms can easily be added (and are inserted into their alphabetical position in the glossary).

REMOVE UNUSED TERMS

Quickly find and remove terms that are defined but never used in the document. Remove individually or all at the same time.

HIGHLIGHTING DEFINITIONS

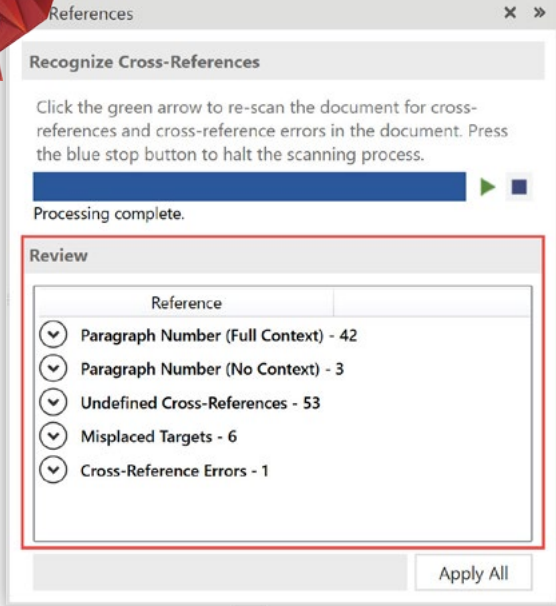

The highlight tool in Litéra LexPro® gives you the ability to highlight all the definitions in the entire document with a click of a button.

SUPERIOR REFERENCING FUNCTION

To reduce error and save immense drafting time, instantly insert Cross References without going through the frustrating process in Word. This can be done to entire documents in seconds.

REPAIR CROSS REFERENCES WITH EASE

Clause references that have been broken are fixed in seconds, and clauses with no corresponding reference are highlighted.

SYSTEM REQUIREMENTS

- Windows 7, 8, 8.1, 10
- Office 2007-2016
- .NET Framework 4.5.2
