

CREATE

For Better, Affordable PDF Management

LDF™ Powered by Foxit® is created from the partnership of Litéra and Foxit. It has all the benefits of the Foxit PDF editor, with customization from Litéra for lawyers. LDF™ is an affordable PDF management tool, equipped with all the tools and features legal professionals need - and none they don't!

- Lightning **fast launch time**
- Integrations with **iManage, NetDocuments**, and other **DMS**s
- **Automatic content reflow** when editing
- Custom **Bates numbering**
- **OCR Correction** tools
- Converts **PDF to Word** documents, and other files e.g. HTML, Rich Text, Plain Text
- All features included in single version
- Eliminate underlying text and images for **secure redaction**
- Limit users from printing, copying or pasting text and graphics
- **Typewriter functionality** for quick changes
- Easily create and assemble **PDF Portfolios**
- The same PDF technology Google and Amazon Kindle use
- Easy to use, comes with **tutorial videos on key features**
- **Flexible licensing**
- **Product is continuously enhanced based on user input**

"For years in my career I struggled with finding a PDF editor that had all the functionality I needed without having extra features I did not want - this is why we partnered with Foxit to build LDF."

Paul Domnick
President
Litéra
