

ONE TOOLBAR.  
ONE WORKFLOW.  
ONE EXPERIENCE.  
**LITERA DESKTOP.**

**5** key reasons why **Litera Desktop** makes sense for your firm:

1. Best of breed solutions through a single, unified, interface – no need to compromise on quality
2. No more clicking between different programs, searching for the right feature
3. Everything accessible in one tab within Microsoft Word
4. The right tool, at the right time, in the right place
5. Improve adoption by making the technology easy to find, and easy to use

**CREATE**

Create first drafts with our template and *document assembly* solutions. Find and use your best *clauses* faster, with our clause library. *Style* any document from any source consistently and quickly.

**CHECK**

*Repair* and stabilize documents faster. *Proofread* more effectively by reviewing your entire document for potential issues in a consolidated dashboard.

**COLLABORATE**

Instantly *compare* complex documents. Protect against metadata exposure over *email*. *Share files* and collaborate with confidence by utilizing our suite of security solutions.
